8. To consider and vote for the proposition below:
The Generation JOG initiative has proven, unarguably, to be of significant benefit to the future of the club. The Flag Officers and Committee recognise that the club should accept a financial responsibility to ensure future funding will be sustainable. The generous contributions, post Awards Dinners, over the last few years, together with the voluntary contributions with race entry fees, have succeeded in establishing the firm foundations. In hoping that these voluntary contributions will continue, it is proposed that the fund should be underwritten from the club's ordinary account to a maximum of £5,000 per annum (subject to annual review) which will be utilised to provide racing experience and training for those enrolled in this section of our membership.
9. Any other business at the Chairman's discretion but preferred in writing, please, to the Secretary by 3rd November 2025
